Nine Mersburgs Sold.

Since October, 1889, we have sold nine Mersburgs at an average of \$800 per head, the average was 19 months. We have for sale a standard 2-year-old Filly. Her sire is a son of Princeps, who has six in the 230 list; her dam is a daughter of The Banker, son of Manfredo (23) who is the grand-sire of both the sire and dam of Axel, the \$100,000 horse. Price of the Filly, \$200. Will contract for Mersburg Foals at \$100 each.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy liver. When the liver is torpid the bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headaches ensue; a feeling of lassitude, drowsiness and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and vigor than any other medicine. It is a healthy liver that is the key to a healthy body. It acts with extraordinary power and efficiency.

NEVER BEEN DISAPPOINTED. A family remedy for the liver, it cures everything else, and has been tried in every case. It seems to be almost a perfect cure for all diseases of the liver and the stomach.

The Banner.

THE WAYNE COUNTY DEMOCRAT says that the impression grows that Hon. John Zimmerman is the right man to nominate for Congress in the Holmes, Medina, Stark, Wayne District.

HON. ALLEN SMALLEY, has been elected Common Pleas Judge in the Judicial Sub-division composed of the counties of Crawford, Marion and Wyandot. His majority is 6,447.

THE Mansfield News—Capeller's paper—in commenting on the result on the Ohio elections on the 7th of April, says: "There is little over which Republicans can jubilate." Sweet William has told the truth for once.

A DUTY of 10 per cent. is kept on rye, in the farmer's tariff. As the total imports last year were just sixteen bushels, on which the United States Government collected \$1.00, the farmer can readily see how much "protection" is coming through the tariff.

UNITED STATES Treasurer Huston's prediction that Harrison will be re-elected in 1892, caused much criticism among Indiana Republicans. A World special from Indianapolis gives interviews with a number of them, the general verdict being that Harrison isn't in the race at all.

"CAREFUL estimates," says the American Wool Reporter, "place the number of idle woolen looms as high as 60 per cent. of the whole number." Speaker Reed, who declared the other day that "Republicanism is the politics of busy men," should have explained how such things can be in the woolen trade under his busy Republicanism.

"TALKERS," says the Cleveland Plain Dealer, "are discounting congressional and other legislation by assuming the form of consolidated companies. The principle of combination exists but it takes such a shape as to avoid prosecution as conspiracy. The statesman who can frame a law to effectively suppress monopoly has not come to the front yet. Something more than a statute is required to deal with the aggression of organized power. Not only must an awakened, irresistible public sentiment can curb them."

"Pauper Labor" in America. "I never understood," says the New York Star, "how much clothing could be made so cheaply until I made my first visit to a sweater. It was on the top floor of an East Broadway rookery, where rent could not be more than \$15 or \$20 a month. It was so low that I could touch the ceiling, and in dimensions was about 20 feet wide by 10 long. Yet in this place there were forty sewing machines, and the women were manned by as many dark-browed Russians, Bohemians, Hungarians and Hebrews. The work is divided so that the buttonholing is done by one set, the lining by another, the sleeve by a third, and so on. I inquired as to how much they earned, and was startled to find that the average sewer made from \$4 to \$8 a week, working from twelve to fourteen hours a day. The use of steam sewing machines has increased a man's output 100 per cent, and apparently reduced his wages 50 per cent. Looking Ahead. Editor Medill, of the Chicago Tribune, believes Grover Cleveland will be elected in 1892, and that the issue will be a tariff reform on the lines marked out by the ex-President. In this he agrees with Chaney M. Depew. Mr. Medill warns his Republican friends they have got the hot end of the poker on the tariff, and must abate their unreasonable demands on behalf of the trust and monopoly people, or certain defeat is impending.

Congress is in the hands of the Republicans, and by a very slender majority, and this may be wiped out in 1890 if promises made to the farmers and working classes are not kept. First and foremost, there must be taken off the necessities of life and placed on the tariff. There is abundant sense in talking about free tobacco and whisky being a step in the interest of relieving the working classes and taxing the idle and the rich. If they could be shown where the products of the soil would yield an increase in price, and after sales taxes imposed, there might not be much cause to grumble, but under existing circumstances, there must be a revision of the tariff before the close of the first session of the Fifty-first Congress.

But the revision that is on the stocks to satisfy the discontented farmers and working classes is not done. First and foremost, there must be taken off the necessities of life and placed on the tariff. Mr. Medill thinks General Alger, of Michigan, is likely to be the Republican candidate in 1892, as events are now shaping. Mr. McKinley would be the man, in preference, if he would get off his high tariff horse. No one except the high tariff horse, but all the same the administration faction is already arranging for a solid South delegation. Given that and the backing of Platt in New York and Quay in Pennsylvania—discussing the tariff for years. It is believed the Republicans will not be re-nominated is not improvable. The Democrats do not object.

Two Murderers Captured After a Chase of Six Years. MARSHALTON, Ia., April 16.—Chas. Mara and James Rice, the alleged murderers of Henry Johns, have been brought here from Visalia, Calif., where they were arrested by Detective Burke, who has been on their track since the escape of the pair six years ago. Mara is a generally accepted theory that the pair had been in the States for a series of years. MOUNT VERNON, OHIO.
THURSDAY MORNING, APR. 24, 1880.

SUPERVISORS hereafter can work out their own road tax but no more.

The present week has been agreed upon for the adjournment of the Legislature.

SENATOR QUAY, the Republican boss in Pennsylvania, is still out of the penitentiary.

HON. GEORGE K. NASH is now being talked of as a Republican candidate for Governor.

The Holmes county Democracy will hold their primary elections on Saturday, May 31.

It is feared they will only go to Brooklyn, the City of Churches, and join Halstead, all will be forgiven.

Mr. McKINLEY announces that his tariff monstrosity will be called up on the first week in May.

The Owen law will not be disturbed for the present. This will greatly distress the Republican bosses.

INCREASING the duty on tin plate will be felt by every family in the United States, rich and poor alike.

The Republican members of Congress are trying to agree upon a silver bill, but as yet without success.

CANTON'S new Council is composed of 19 Democrats and 1 Republican. Why didn't they make it unanimous?

PEOPLE who go hunting for gas leaks with a lighted candle should have their lives insured and their wills made.

MANFIELD stands a good chance of getting a government building. What about Mr. Vernon, Colonel Cooper?

The Delaware Gazette has entered upon the 73rd year of its publication. It is a good old paper, but intensely Republican.

The Republicans are still making an effort to "get together"—a job that will prove as successful as mixing oil and water.

AKRON has offered the Canton Bridge Company 15 acres of ground and \$25,000 in cash to remove their plant to that city.

HON. LYMAN R. CRITCHFIELD, one of the ablest Democratic lawyers in Ohio, will remove from Millersburg to Wooster.

The Geyer bill to reorganize the city of Cleveland was lost on Wednesday last in the House by a vote of 47 for to 56 against it.

The Army of the Cumberland are moving in the matter of erecting a monument to the memory of the late Samuel J. Randall.

THIRTY men are now imprisoned in the Rock Spring Mine No. 4, near Cheyenne, Wyo., and it is almost certain that they are all dead.

JOHN F. BRITZ, of Dubois, was nominated on the 37th ballot, by the Democratic Congressional Convention for the Second District of Indiana.

"SPEAK-EASIES" and back-door entrances to saloons, on Sunday, will probably hereafter be ranked among the "enterprises" of Cincinnati.

THREE men who went down in a coal shaft at Spring Valley, Ill., on Sunday morning to put out a fire, were smothered to death by the smoke.

ALTHOUGH Logan county is strongly Republican, the Democrats out there are already in the field with a full ticket, composed of the very best men.

CONGRESSMEN who were robbed of their hard earned wages by Sillcock, have got their pay and are now happy. They will hereafter deposit their money in bank.

MR. G. W. BARRETT (D.) was elected Mayor of Orrville by a majority, and the Democratic candidate for Mayor of London, Ohio, was elected by one majority.

THE Toledo Bee says: "When the farmers' alliance make a report on the McKINLEY bill there will be lively squirming among the high taxers in Congress."

HENRY GORRILL is flourishing in Australia, and Buffalo Bill is daily receiving proposals from aristocratic ladies in Europe. This is the way our country is honored.

THE Democracy of Hardin county will present Col. Wm. T. Cessna as a candidate for Congress in that district, before the convention which meets at Lima, May 7th.

BILL McKINLEY declares that everything is lovely and that his high tax tariff bill will pass and become a law. Well-informed people in Washington deny this statement.

THERE is a lively contest in Philadelphia for the nomination of a successor to Mr. Randall in Congress. The indications are that James M. Beck, a tariff reformer, has the call.

THE St. Louis Republic (Dem.) counts ninety advertisements of Sheriff's sales (in most of which mortgage companies are plaintiffs) in a single issue of a county paper in Kansas.

SOME large New York dry goods houses employ women to visit retail establishments and price their goods, so as to keep themselves posted about the business of their neighbors.

SEVENTY car loads of oranges left Los Angeles, Cal., on Friday for the East by special trains, and various agents estimate there are five hundred car loads yet remaining to be shipped.

SENATOR SQUIRE has introduced a bill appropriating \$100,000 for the erection of an equestrian statue of General U. S. Grant in Washington City. The title to be selected by the Secretary of War.

UPON the personal solicitation of Hon. Lawrence T. Neal, Governor Campbell has appointed Oliver W. Goodman, of Ross county, a member of the Live Stock Commission for the State of Ohio.

TWO citizens of Kansas are seeking the appointment of Governor of Oklahoma—one a white man and the other a negro. We'll bet a York shilling that the colored brother will not get the place.

MISS JESSIE GILKEY, who graduated from the Crawfordville (Ind.) High School, last June has been elected Assessor for that township, being the first female Assessor ever elected in Indiana.

RHODE ISLAND, at the late election, voted under the Australian system, which means an "honest election and a fair count," and the result was a splendid Democratic victory. The Republicans are generally opposed to the Australian system, greatly preferring the Dudley-Quay system, as practiced in Indiana, whereby voters are bought in "blocks of five." All of which goes to show that the Republicans are not in favor of honest elections.

THE U. S. Senate on Wednesday evening last came to a vote on the Montana cases. Sanders and Power, the Republican claimants were admitted by a party vote and sworn in. The only deviation from strict party lines was on the part of four Democratic Senators, including Kenna, of West Virginia, who held the opinion that there was no legal election of Senators, and voted accordingly. The Senate now consists of eighty-four members.

THE Albany Journal (Rep.) says of United States Treasurer Huston's nomination of Ben Harrison for 1882: "Mr. Huston's conduct is open to criticism, first, because he is holding office at the hands of Mr. Harrison, and third, is further prejudiced by reason of being an Indiana man. The less said about Presidential candidates in the present condition of the Republican party the better."

THE Joint Committee of the Senate and House of Representatives, appointed to consider the question of providing an official residence for the Governor of Ohio, have made a report, recommending that measures be taken to purchase land and erect thereon a residence for the Governor, to be purchased at a cost of not less than \$50,000 nor more than \$100,000, and that a bill be introduced to carry out the recommendations suggested.

THE Louisiana Lottery Company offers that State \$120,000 for an additional twenty-five years lease of life. As it not only makes use of the Government mails, remarks the Philadelphia Record, but has its registered letters addressed to a National Bank in New Orleans, the Government, as in a sense a silent partner in the concern, should have a say in every matter respecting the prolongation of the company's existence.

WHILE the Clark county Republican Convention was in session at Springfield, Mr. Granville Wones, deputy County Auditor, who was the most prominent candidate for the nomination for Auditor, suddenly died, which cast a gloom over the deliberations of the Convention. Another gentleman, however, was found, to whom the nomination was given, in the person of George W. Winger.

COL. BOONE has had the surveys and plat of the town of Black Diamond City, one mile above Dresden, completed and has sent the same to the engraver in Chicago where 5,000 plates of the new town will be made—Dresden Transcript. Col. Boone having built a dozen railroads—on paper, has now commenced building paper towns—"castles in the air," so to speak. Great is Boone!

THE Boston Herald says that once while members of the House Appropriations Committee were talking in a skeptical fashion Mr. Randall, who had been writing at a table, arose and said: "Gentlemen, Christianity is truth. The man who doubts it discredits his own intelligence. I have examined this matter for myself. There was no response, and he left the room."

WHILE a public baptism service in Buck Creek, Springfield, Ohio, Elder Green, of the colored Baptist church, officiating, was in progress on Sunday, a bridge, which was crowded with people witnessing the ceremony, gave way, hurling them into a mill race. Fifty persons were badly injured, many of them seriously, among the number being a son of ex-Speaker Keifer.

DAVID SEXTON of Cincinnati, who, in 1874, gave \$20,000 to the Young Men's Christian Association, towards the erection of a building, has made another donation of \$25,000, on condition that \$75,000 shall be contributed by other parties. As the Association has secured \$70,000 of the amount there will no difficulty in getting the \$5,000 additional needed.

THE United States Express Company employees held a meeting in Chicago on Sunday, for the purpose of securing for themselves better wages. About 300 men were present. The Express Company claims that they have been compelled to pay most of their earnings to the railroads, and hence they cannot afford to pay higher wages to the men who do their work.

THE only Republican editor in Pennsylvania who has come to the defence of that bold, bad man, M. S. Quay, the Republican leader, is Mr. N. P. Reed, editor of the Pittsburgh Gazette, and he has made the startling discovery that all these terrible charges against Quay came from "Free Traders," because he is a champion of "Protection!" Patent applied for.

HAS it escaped the attention of the "southern outrage" millers that a court in the State of Michigan (which gave Harrison 25,000 plurality) has upheld a restaurant keeper in refusing to serve dinner to a negro? If this is followed by the Ohio river there would have been a passionate demand for the President for troops—Plain Dealer.

THE Enquirer's two able Republican correspondents, "Gath" Hines and W. C. MacBride, are tarring their brains to a wonderful extent relating the awful condition of Tammany politics in New York city. Their weekly tales are but a rehash of the manufactured stuff that fills the columns of the Republican papers in New York.

ARICKSON, the California crank, who predicted that earthquake and tidal wave that didn't materialize, is a very angry prophet. He says the destruction will yet come and that "God made mistakes in dates" as He did at dinner to a negro. He advises if followed by the mountains, Maine are doing so, but the most are returning.

PERSONS having old postage stamps sometimes think they are rendered worthless by the issue of new ones. This is not so. The only obsolete stamps are those of the issues of 1817 and 1851, very few of which are now in existence in the North, and these are generally worth more than their face value for collections.

THE House of Representatives at Columbus on Wednesday last defeated the Ryan amendment to the Owen law, relative to saloon closing on Sunday—yes 36, minus 75. Judge Critchfield voted in the negative, and in this matter he is generally voted the sentiment of his constituents.

Reorganization of the State Institutions.

There has been a general change in the State Institutions at Columbus within the past week—Democrats taking the place of Republicans.

A new Canal Commission has been appointed, consisting of two Democrats and one Republican. The Democratic members are the Hon. W. E. Roden, of Cambridge, Guernsey county, and Hon. A. H. Rose, of Circleville, Pickaway county. R. M. Rowland, of Columbus, was a member of the retiring Commission, was reappointed Republican representative on the Board.

The Board of Trustees of the Central Asylum have chosen Dr. D. A. Morse, of Springfield, Superintendent of that Institution and Mrs. Morse was appointed Matron. Dr. and Mrs. McMillen, the late Superintendent and Matron, were requested to hand in their resignations, which they declined doing, declaring that they were elected for four years and had served only one-half that time. George H. Brown, of Columbus, was appointed Storkeeper, and George H. Williams, formerly of Portsmouth, was chosen Steward.

Mr. Jacob Cherrington of Holmes county, has been elected President of the Institution for the Deaf and Dumb, and Mr. Samuel A. Kinneer of Columbus, was chosen Secretary of the new Board. Amos A. Pratt, Superintendent, handed in his resignation, which was accepted, to take place on the 1st of August. None of the teachers in the Institution were interfered with. Mrs. Helen A. Rose was appointed Matron, and Miss Tillie Ward of Upper Sandusky, was made Girl's Assistant.

Gov. Campbell has appointed and the Senate has confirmed the following gentlemen as Board of Managers for the Interstate Prison at Mansfield: Emanuel H. Keiser, of Richland county, for the five year term; George G. Washburn, of Lorain county, four years; Francis M. Marriott, of Delaware county, three years; B. F. Crawford, of Richland county, two years and Leo F. Limbert, of Darke county, one year.

A clean sweep has been made in the offices of the Penitentiary, as follows: Warden, Col. Ben Dyer; Deputy Warden, J. C. Porter, of Perry county; Assistant, C. S. Brady, of Licking county; Secretary, Wm. Holmes, of Franklin; Clerk, S. I. Reeves, of Franklin; Assistant, W. H. Wallace, Scioto; Steward, Alex. Campbell, Franklin; Storekeeper, R. Aleshire, Gallia; Physician, Dr. Victor Gosnell, Delaware; Assistant Day Physician, Dr. C. Parker, Hocking; Assistant Night Physician, Dr. John A. Ward, of Clark.

The Labor Troubles.

The labor troubles in Chicago still continue; but at present the most serious aspect of the case is the strife between the Union strikers and Non-Union carpenters. The former made an attack upon the latter on Tuesday, and the result was that fifty of the strikers were lodged in the station house.

1200 brick makers in the Northwest corner of Chicago, are out on a strike. They held a mass meeting on Sunday, when they resolved that 700 bricks should constitute a day's work, instead of 800 as heretofore, and that the pay, which ranges from \$2 to \$2.50 a day, should be the same.

The trouble with the Express Company employees in Chicago has not yet been settled. The employees still declare that they will go out if their wages are reduced, while the managers say they pay out all their earnings to the railroads and to the agents, and will be compelled to reduce their expenses.

The carpenters' strike at Indianapolis has been adjusted satisfactorily—the Mayor acting as umpire between the opposing parties. The carpenters and joiners are hereafter to receive 30 cents an hour and eight hours to constitute a day's work.

The much-talked-of strike among the railroad employes at Pittsburgh, which was announced for last week and then postponed, has been postponed until next week. The trouble is that the proposed strike is not general, and has not the approval of the Railroad Federation.

At Portland, Oregon, the striking carpenters remain firm in their determination to make the contractors yield to their demand for eight hours. The bricklayers and plasterers are also out and the building in that city is almost at a standstill.

The Flooded Southland.

The great floods in the South still continue. At 3 o'clock on Tuesday afternoon, Gov. Nicholls of Louisiana, received a dispatch from Bayou Sara, stating that the Morganza levee had broken, inundating the entire surrounding country. Fears were entertained that many lives would be lost.

The Texas and Pacific Railroad officials in New Orleans are in great fear of overflow; their lines traverse the Morganza country. Up to the present time, however, they have only been advised of three crevasses along their line. One of these is three miles below Bayou Sara on the Pointe Coupee levee; another is eight miles below Morganza proper, and the recent break which is between Morganza and the new Texas landings.

A break occurred Tuesday morning in the levee near Garretts, ten miles below Baton Rouge, on left bank. At last accounts the crevasse was twenty-five feet wide and seven feet deep. The crevasses on the Pointe Coupee front will submerge a large section of that parish, and backwater will probably effect West Baton Rouge and Iberville.

The New Orleans Times-Democrat's Arkansas City, April 22nd special, says: The rise that came down the Arkansas last week has been passing here for three days. The water is again pouring into Gump swamp from the Arkansas, and the Arkansas Valley Route between Russell Springs and Varners is submerged for the third time during the past few weeks. Trains on that road have been abandoned South of Pine Bluff and will not be resumed again before Thursday or Friday. The Mississippi has been stationary here since Friday of last week at 47.

Indiana Farmers Aroused.

The farmers of Wells county, Indiana, held a meeting at the opera house in Bluffton, on Saturday, to devise means and measures to avert, if possible, the financial crisis that they believe is near at hand. All are displeased with the workings of Congress and believe that unless they do something soon, the London money power will own their farms and the entire United States. They are going to demand better prices for their products and less prices for what they have to buy. They will also require candidates for Congress and the Legislature to pledge their honor to work more for the farmers' interests.

THIS man Quay, the Republican "Boss" in Pennsylvania, although elected U. S. Senator three years ago, has not given one-tenth of his time to his official duties, is seldom in his seat and his voice is never heard in debate. Nearly his entire time is devoted to political work, and he is constantly endeavoring to control at his discretion buildings at any place at which the gross receipts of the post-office for two years or more preceding shall have exceeded \$3,000, or in county seats, \$2,500 each year. The cost of such buildings shall not exceed \$25,000 in any case. Where the receipts do not exceed \$2,500 the cost of the building is to be limited to \$20,000 and receipts to the amount of \$2,000 entitles a place to a building not exceeding \$15,000 in cost.

The Postmaster General is authorized to receive donations of ground as sites for the erection of such buildings, and when necessary to purchase ground at a price not to exceed \$5,000. The bill appropriates for the fiscal year 1881, \$2,000,000. There are nearly 2,000 buildings in the country that will be affected by the passage of this bill.

If this bill should become a law it will give Ohio over one hundred buildings for post-offices, Mt. Vernon, of course, being one of the favored places.

After Ex-Deputy Warden Cherrington. The Columbus Daily Press of the 18th publishes a lengthy sensational article exposing alleged crookedness of Ex-Deputy Warden W. B. Cherrington of the Penitentiary. It is charged in this article that Cherrington is guilty of killing convict Clark Ours by washing him off the roof of the prison building, and that he is now endeavoring in his efforts to save himself, from arrest on the charge of murder be blackmailed by Dr. Clemmer, prison physician, and Guard Zink, and finally arranged matters so that his tool in all these conspiracies, Charles M. Lookard, could make his escape.

Lookard is the prisoner who, with convict Thomas Hoots, walked out through the prison gates without pass on November 3, 1880. He was captured a month ago at Elmore, O. The affidavit of Lookard and a woman named Fannie Meeks, who aided in the escape, are published.

The coal miners in the Hocking Valley and the Pittsburgh district, have agreed with the operators upon a scale of prices which will avoid a strike for the present. The scale is ten cents lower than the original proposed by the miners, and an advance of five cents over the price paid in the Hocking valley district the past year, and an advance of six cents over the price paid in the Pittsburgh district. It now seems probable that corresponding prices will be fixed in Indiana, Illinois and West Virginia.

The actors in the Hatfield troubles on the borders of West Virginia and Kentucky have been again heard from. Captain Wm. Smith, who had a requisition for the arrest of Frank Phillips, went out from Catelettsburg on Tuesday to serve it, when Phillips made resistance—a fight ensued, and Phillips was killed. He was a brave and daring fellow, and doubtless his friends will seek to avenge his death. The whole population of the Big Sandy Valley seem to be mixed up in these old troubles.

ABOUT noon, on Sunday, Wm. Kaylor, living at Lamar, on the Cannell branch of the Louisville, Evansville and St. Louis road, took his loaded team and went to the house of John Connor, a neighbor, where he deliberately shot him dead. Then he boarded a passing train and went to Rockport, Ind., for the purpose of crossing the river to Kentucky. Upon his arrival there he was arrested and jailed. Kaylor claims that Connor had threatened his life.

The New York Independent in its last issue gives returns of the vote of 126 presbyteries of the Presbyterian church on revision of the Confession of Faith. These returns show that 82 presbyteries have voted in favor of revision, forty against revision and four have refused to vote. There are yet 86 presbyteries to be heard from and the indications are, says the Independent, that the vote in favor of revision will be nearly, if not quite, two-thirds of all the presbyteries.

The indications are that there will be another lively contest in Licking county for the Democratic nomination for Probate Judge. The candidates already announced are Charles H. Follett, E. M. P. Brister, Waldo Taylor and David H. Higgs. The result that has been given of New York will not be in the race this year. We advise our friends down in Licking to keep cool, and have "an honest election and a fair count," and then go to work and elect the nominee.

LONDON'S sensation the past week was a suit for breach of promise and seduction brought by Miss Alice Hairs against Sir George Elliott, Baronet, member of the House of Commons for the Monmouth district. The plaintiff alleges that she has been seduced by the defendant, and that he has promised to marry her after he had seduced her. Miss Hairs is 30 years old and Sir George is 76. The defendant alleges that the case is one of blackmail.

THE latest and most extensive as well as expensive syndicate this country has ever known, has just been organized in Philadelphia, with a capital of \$200,000,000, to buy all the lithographic plants in the United States. What is remarkable about the affair is that American capitalists only are backing the scheme.

MRS. KARRIE N. VANDERGRIFT, of Mt. Holly, N. J., has been indicted, charged with the murder of her own son by poison, in order to secure a large amount of insurance money from the Life Security Life Insurance and Trust Company of Philadelphia, the being the beneficiary named in the policy.

THE Oregon State Republican Convention has nominated Binger Hermann for Congress and D. P. Thompson for Portland, for Governor. The platform favors the adoption of the Australian ballot system, indorses the McKINLEY tariff bill, and declares in favor of free and unlimited coinage of silver.

AS account of a terrible tragedy, resulting from extreme poverty, comes from Moscow, Russia. The widow of an army officer, who was in dire want, became discouraged, and she and her five daughters locked themselves in a whole room on the second floor, and found all six were dead from suffocation.

Plenty of Post-office Buildings.

The House Committee on Post Offices and Post-roads on Friday authorized Representative Candler of Massachusetts to report to the house in a modified form the Blount bill to provide for the erection of post-office buildings. As amended it authorizes the Postmaster General to construct at his discretion buildings at any place at which the gross receipts of the post-office for two years or more preceding shall have exceeded \$3,000, or in county seats, \$2,500 each year. The cost of such buildings shall not exceed \$25,000 in any case. Where the receipts do not exceed \$2,500 the cost of the building is to be limited to \$20,000 and receipts to the amount of \$2,000 entitles a place to a building not exceeding \$15,000 in cost.

The Postmaster General is authorized to receive donations of ground as sites for the erection of such buildings, and when necessary to purchase ground at a price not to exceed \$5,000. The bill appropriates for the fiscal year 1881, \$2,000,000. There are nearly 2,000 buildings in the country that will be affected by the passage of this bill.

JOSEPH KUSTER, Sr., of Newark, gave a complimentary banquet to Mr. Joseph H. Newton, editor of the Advocate, recently appointed Commissioner of Fish and Game, and the Tabbs House, last Thursday evening. About 160 invitations were issued and a large crowd was in attendance.

It is said that Major McKINLEY has concluded not to be a candidate for Governor next year, but will be a candidate for Congress this fall in the new Democratic district, hoping that if he can be elected it will make him the Republican Presidential nominee in 1892—Ohio Patriot.

At Montpelier, Vermont, James S. Caswell, who was convicted of the murder of George Gould, his sentence being imprisonment for life, was married on the 17th to Mrs. Laura Gould, wife of the murdered man. The marriage took place through the bars of Caswell's cell.

THE Republican postmaster at New Philadelphia wants brother Irvine of the Democrat to pay him \$10,000 for damage done to his "character." These are pleasant episodes in an editor's life. The P. M. will probably be willing to compromise the case for 60 cents.

"DEMOCRATIC GOVERNORS in Rhode Island, Iowa and Ohio," ejaculates the Union (N. Y.) Observer. And the Providence (R. I.) Journal suggests that "the question is whether the Republican party can make new States as fast as it is losing the old ones."

A DUTY of 10 per cent. is kept on eye, in the Farmer's tariff. As the total imports last year were just sixteen bushels, on which the United States Government collected \$1.60, the farmer can readily see how much "protection" is coming 'tho' there.

GEX. W. T. SHERMAN, celebrated his 70th birthday on Thursday, an event that was appropriately observed by the Union League Club of New York City. Distinguished guests, a grand supper and streams of oratory characterized the occasion.

For the first time in thirty years the city of Steubenville is now under Democratic control, having a Democratic Mayor and a Democratic President of the Council, who has the appointment of all the committees to control the affairs of the city.

THE French war in Dahomey is progressing. The Dahomians having captured and beheaded four of the French outposts, the French retaliated upon the enemy by beheading five of the king's Amazonian guard, whom they held as prisoners.

MR. GAUMER'S bill, repealing the Registration law as it applies to all cities except Cincinnati, Cleveland, Columbus, Toledo, Dayton, Sandusky and Youngstown, passed the House on the 14th by a vote of 60, says 48—a strict party vote.

We think Ex-President Cleveland makes a great mistake in taking the slightest notice of the brutal and blackguard utterances of the New York Sun. Silent and dignified contempt is the best reply that he can make to Dan's insane ravings.

REPORTS from sections of Western and South-western Texas say that seasonable rains have fallen and the crop prospects are the most encouraging of any for years, with the exception of the small damage done by bugs to the grain crop.

MEMBERS of Congress, on Saturday, in eloquent eulogies, paid tribute to the memory of Samuel S. Cox. Speeches were made by Mr. Cummings of New York, Mr. Holman of Indiana, Mr. Mills of Texas, Mr. Butterworth of Ohio and others.

A JUDGE and jury at Dubuque, Iowa, have decided that for barbers to shave customers on Sunday is a "work of necessity," and not a violation of the Lord's day. The barbers, who want a day of rest like other people, will take an appeal.

McKINLEY says the reason hides were put on the free list again was that the Democrats would make a den of a fuss about the matter and show how Congress was taxing poor people's shoes.—Plain Dealer.

ONE hundred Philadelphia Amazons attacked a gang of non-union laborers on the street the other day, who vigorously defended their husband knights with broom-sticks, pokers, shovels and stones, and had not the police come to the rescue of the men it is hard to tell what the result would have been.

ONE of the female school teachers of Lima, Ohio, has adopted a novel method of punishing her pupils for loquacity by making them protrude their tongues and then scraping them with a knife-blade. The matter has been made public and has created a sensation. The school board will investigate.

THE Pittsburgh Post suggests that if Mr. Wanamaker is anxious to have negroes fill the post-offices in the South, he might find suitable material among the "oppressed colored race" who have been dismissed from the Pittsburgh police force on account of their propensity to shoot white men.

P. C. BOYLE, publisher, and N. D. Cochran, business manager of the Toledo Commercial, have been indicted for criminal libel by the trustees of the Natural Gas company in that city. This will be a gaseous legal war, as the Standard Oil Company is said to be the owners of the Commercial.

WHITE CAPS in Indiana still continue their lawless and outrageous work. It is about time for the authorities to put a stop to this brutal and inhuman business, and give these masked desperadoes a taste of their own medicine.

REMOVAL!

THE COLUMBUS BUGGY CO.

Have Removed Their Repository in
Mount Vernon to
Kremlin Block, Room No. 3,
Where will be kept a NICE LINE OF SAMPLES of the
FINEST VEHICLES!

That have ever been exhibited in Knox county.
In offering to the people of Knox County our **SPLendid** LINE of vehicles for the season of 1890, we desire to say that our vehicles should not be confounded with the ordinary vehicles with which all rural markets are flooded. **WE MANUFACTURE NOTHING BUT**

FIRST-CLASS WORK,
That we **POSITIVELY GUARANTEE** to be THE EQUAL in every essential point of the **HIGHEST PRICED** VEHICLES, which usually **COST MORE THAN TWICE** WHAT OUR VEHICLES ARE SOLD AT.

Our policy from the beginning has been to build **FIRST-CLASS WORK** only; buying only the **BEST MATERIAL** that money will buy, and employing the **MOST SKILLFUL WORKMEN** and the **FINEST MACHINERY** that is to be had at any price.

It is to this policy, together with our determination to sell our work at the **VERY LOWEST FIGURE**, that such work can be manufactured that we attribute our **GREAT SUCCESS**, and that has enabled us to build up such an **EXTENSIVE TRADE**, that we are to-day

The Largest Manufacturers of Pleasure Vehicles in the World.

It is a mistake that many people make to think the cheaper grades of cars are sold at as small a margin of profit as the higher grades, such as we manufacture.

It is our **IMMENSE FACILITIES** for the manufacture of **PLEASURE VEHICLES**, together with our **GREAT TRADE** in the same, which enable us to sell our work at a very **CLOSE MARGIN** of profit, and at the very **LOW FIGURE** at which it is sold.

It is a fact that the cheaper work that is usually sold in the rural districts could be built with the same facilities at a cost not to exceed 33 per cent of the cost of first-class work.

The vehicle which is cheapest for the Physician is cheapest for Everybody, and it is an **INDISPENSABLE FACT** that our vehicles have been **ALMOST UNIVERSALLY ADOPTED** by Physicians throughout the land.

The Carriage that stands up best under **THE HARD USAGE OF LIVERY MEN,**
Over the **ROUGH COBBLE STREETS** of our large cities, **WILL ALSO GIVE THE**
Most Service to the Farmer.

And we are proud to be able to say that our vehicles have **WON THAT DISTINCTION** in every city in the land until there is hardly a **FIRST-CLASS LIVERYMAN** in the country who is not a willing witness to the **SUPERIORITY OF OUR WORK.**

We would gladly refer all interested parties to any of the many users of our vehicles either in Knox county or elsewhere; knowing, as we do, that it is among the very hardest users of vehicles, that the testimony in favor of our work has been the strongest. A large per cent. of the hardest users of vehicles in your county have adopted our work, and we would especially refer you to any of them, for a disinterested opinion as to the relative value of ours as **COMPARED WITH OTHER WORK.** We have made an arrangement with

DAN. M. PARK,
OF MT. VERNON, OHIO,

By which he will look after the sale of our vehicles in Knox county and vicinity. We invite you to call upon him at his **Repository, Kremlin Block, Room No. 3, East Side of Public Square,** where a nice line of our vehicles will be kept in stock, which he will be glad to show you whether you desire to buy or not. A visit there cannot fail to interest you.
